DaUnderdog Takes Down Bossman!

Congratulations to DaUnderdog and their coach Tyler Keepers on winning their first ever Keepers Fantasy Football championship! They did it once again in dominating fashion as they followed up last week's 193 point performance with a whopping 187 points this week to win the Super Bowl. Sometimes teams "sneak" into the playoffs and sometimes when in the playoffs they can "sneak" a win or two where maybe they shouldn't have. You then hear other fantasy managers saying

things like. "If I had only made the playoffs, I would have won the whole thing" Or "If I had just got past that one round". No one can say that this year as DaUnderdog dominated especially the last two rounds! DaUnderdog's total of 381.10 points the past two weeks was the most combined points ever in the Final Four and Super Bowl weeks! DaUnderdog was led by J. Burrow and his 43 points but they also got 34 from A. St. Brown and another 24 from D. Singletary! What is interesting about that is

DaUnderdog added A. St Brown on 12/4 and J. Burrow on 11/17 off of waivers. Those two players just scored 77 points in the Super Bowl! Who ever said you can't find anyone on the waiver wire!? Bossman had another great run but ultimately fell short. They have lost the Super Bowl 3 straight years and the winning scores by their opponents were 180.72, 189.62 and 187.84. You are not going to win many games playing that kind of defense. See you next year Bossman!

Keepers Fantasy Football Jr I

This year we started a Jr league to allow for some of our kids who are taking an interest in football and fantasy football could join in on the fun. There were 6 players and ended with a 4-team playoff. In the Super Bowl was "Can't stop dese skills" coached by Micah Keepers and "Water Buffalo" coached by Kolby Keepers. The game came down to the wire as Water Buffalo just needed 4.46 points from N. Chubb in Monday night's game to win the championship. Unfortunately, Chubb only got 3.87 points and "Can't stop dese skills" won the first ever Jr championship by a mere 0.59 points!

I will plan to set this up again next season assuming there is enough interest. Next season we would also plan to have them do a live draft so they can pick their players!

A note from the commissioner:

Thanks for another great year of Fantasy Football! For the 2nd year in a row, we got to see a first-time champion and the regular season was as close as any season I can recall. We even got to see 16hrs make it back to the playoffs! Yes, that is worth a shout out!

The league is only as good as the people playing in it so thanks for being so engaged all season and making this a great league to be a part of!

As always if you have any suggestions for the league, please send them my way!

Happy New Year and enjoy the NFL Playoffs!
