Keepers Fantasy Football XXI

Champion – BIGBOY!

BIGBOY! gets #3!

Congratulations to Kyle Lindgren the coach of BIGBOY! as they are the KFFL XXI Champion! What an amazing game and win this was for BIGBOY! as Brock Purdy puts up 33.34 points in the Monday night game to complete the comeback! It was one of the better Super Bowls we have had as it came down to the final game and Brock Purdy's best fantasy performance of the season to seal the win for BIGBOY!

Sportsfreak had a tremendous season and while no one wants to make excuses they were dealt a tough blow with Tua, A. Kamara and C. Lamb all missing the Super Bowl due to injury! So to put up 146 points and only lose by 12 while it isn't a Super Bowl win it is something to be proud of! They will hope that they don't take another 6 years to get back here again!

BIGBOY! with this win has now won 3 Championships which has only been done by three other teams in the league! 7 years ago, BIGBOY! won their first championship in a nail biter over Sportsfreak. The following year they won the championship again for back to back titles! They just took down Sportsfreak and will be looking for history to repeat itself once again when next season rolls around! For now, though they get to savor the moment and let everyone know that BIGBOY! is once again the champion! Congrats Kyle Lindgren on another championship season! Well done my friend! Well done!

Scoreboard:

(2) pack slayer – 98.80

Keepers Fantasy Football Jr IV

A quick shout out to our Junior league players as the team "Like Good Nabers" coached by Jude Lindgren was able to do something his Dad could not do and that was win a championship! (sorry Craig... too soon?). They finished the season as the #3 seed and were able to win two straight to get the trophy! Congrats Jude!

A note from the commissioner:

Thanks for another great year of Fantasy Football! It's hard to believe the season is already done! It seems like just yesterday we were drawing names out of a football helmet to determine who got the dreaded #1 overall pick! I hope that you all enjoyed the league as much as I did this season and I am already looking forward to the next one!

The league is only as good as the people playing in it so thanks for being so engaged all season and making this a great league to be a part of!

As always if you have any suggestions for the league, please send them my way!

See you all in August!
